## OUR PRODUCTS

### Pick to light

Logistics solution that assists operators in logistics processes: order preparation, storage, or kitting.

### AGU/AMR

Complete range of mobile robots with fleet management software.

### Singulator

Solution that separates, aligns, and spaces packages for the sorting machine, thereby increasing throughput and reducing MO costs.

### Isiwall 3D

Automatic three-dimensional sorting device for multiple categories and multiple flows. The solution can be adjusted according to requirements, products, and site size.

### Isilocker

An ideal range for securing, organizing, and simplifying the storage of goods in professional environments.

### Isitrac®

Traceability software suite for large companies or government agencies.

### Isi.Ecopack

Height-adjustable carton sealer

### Isibagger

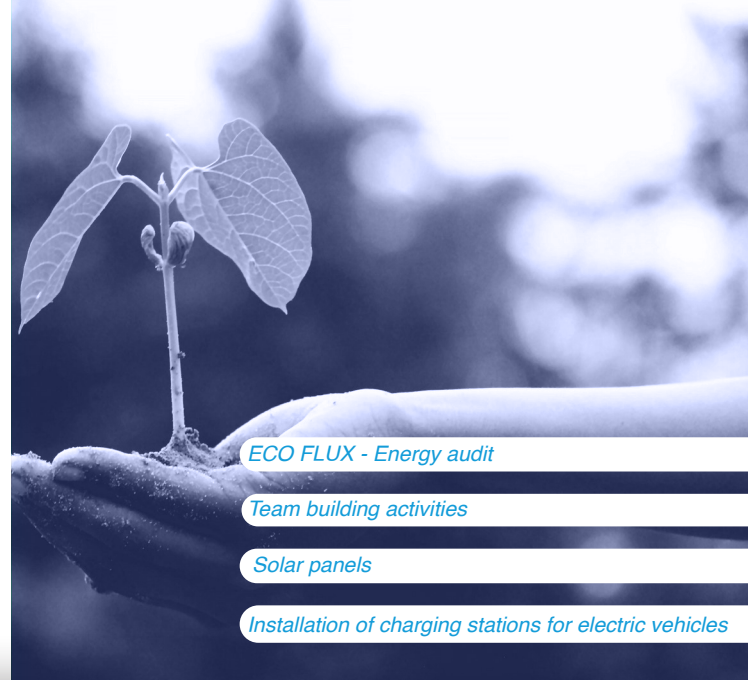

Packing in envelopes paper and printing transport
